Announcements

- The next Board meeting is scheduled for Thursday, October 22, 2015.
- We are currently waiting for AT&T to install fiber at the 2000 Panther Lane facility in Liberty, Texas. The fiber needs to be installed and the network programmed before we can begin moving folks into the facility. At this time, it appears that it may be November before we can move in. We will provide you with more updates as they become available.
- The cake today is in honor of Mrs. Sharon Walker who celebrated a birthday on September 16th.

Department of State Health Services (DSHS)

- We have seen a draft of **Contract Amendment #1** and expect to receive it any time. This amendment includes \$415,933 in general revenue for adult services and \$126,826 for youth services. Of course, as we discussed last month, it will also include new service targets for both service arrays.

One of the more significant changes to the contract is the movement of categorical **New Generation Medication (NGM) funding** (\$877,750) to general revenue. This change has been requested by Centers for years because Patient Assistance Programs (PAP) has provided free medication to many of our consumers, and Centers wanted to have more flexibility to use this funding for other program needs. Ironically, over the last 2-3 years, we started using more of the NGM money for medications as PAP began to decrease.

The change of NGM funding to regular general revenue means that we must provide local match funding and that this general revenue is subject to DSHS fines. Overall, we are pleased to be free of the administrative requirements which have been associated with the NGM funding.

- In July, Tri-County submitted two Psychiatric Emergency Service Contract (PESC) grants to the State. PESC funds, the same type of funding that funds the PETC, are used to reduce the impact of persons with mental illness in emergency rooms, hospitals, jails and other service systems.

We have received tentative word from the State that we will receive one of the two contracts for the Crisis Intervention Response Team (CIRT) with the City of Conroe. At this time, we do not believe that we will receive funding for the Mental Health Deputy program for Liberty County.

The CIRT pilot partners trained CPD Officers with masters-level licensed professional clinicians during the most active part of the day to be the primary respondent to calls which are believed to involve individuals in behavioral health crises. The goal of the program is to assist officers with behavioral health calls, evaluate persons in behavioral health crises in their natural environment and make appropriate referrals for mental health services thereby reducing the numbers of individuals that inappropriately end up in the Montgomery County jail or local emergency rooms.

DSHS has not yet issued the statement of work for the program, but we have started preliminary work with the City of Conroe on the Memorandum and other administrative steps for the grant. We expect the new PESC contracts to be a part of Contract Amendment #1.

Department of Aging and Disability Services (DADS)

- We have been talking about the number of waiver ‘slots’ that we have been processing in Authority services this year and I thought I would share a couple of statistics from the State on Home and Community-based Services (HCS) and Texas Home Living (TxHmL) enrollments in 2014-2015.

HCS/TxHmL Enrollments as of August 31, 2015

Program	Slots Released (Since 9/1/13)	Enrolled (Since 9/1/13)	Pre-Enrolled / Pending (Since 9/1/13)	Enrolled (8/31/15)	Net Total Enrolled	Target
HCS	8,191	4,645	1,320	375	24,575	24,006
TxHmL	17,373	3,196	1,687	156	7,365	10,373

International Classification of Diseases-Version 10 (ICD-10)

- Effective October 1, 2015, the Federal government will require all providers that bill medical providers to begin using ICD-10 disease codes for billing and reporting. Centers for Medicare and Medicaid Services (CMS) believes ICD-10 will provide benefits such as increased specificity in clinical information that can lead to more accurate and timely reimbursements, better quality of patient care, and improved disease and care management. ICD-9 has approximately 13,000 codes while ICD-10 has 68,000 codes. ICD-10 has been used in Europe since 1994.

On September 30th, we must use ICD-9 codes and on October 1st, we must use ICD-10 codes. Anytime the system has to make a knife's edge change like this one, we anticipate challenges. Staff have been preparing for this transition for several months and we believe that we are prepared for this system change which will impact all of our insurance billing. I will provide an update at the next meeting on this transition.

Patient Assistance Programs (PAP)

- In FY 2015, Tri-County received \$6.2 million worth of PAP medications for our consumers. Staff have been concerned, since the Affordable Care Act, that these free medications would not be available for our consumers and that this would drive up our costs for services. We were recently notified by Novartis that the NGM, Abilify, would no longer be available via PAP application. Last year, we prescribed just over \$1.5 million worth of PAP Abilify to our consumers. Our prescribers will switch a portion of these consumers to other medications, but some consumers will need to stay on Abilify at the Center's cost.

We have concerns that this PAP trend may accelerate in the near future and we are monitoring it closely. In addition to the obvious problem it causes to cover the cost of these medications with general revenue, we are also concerned because the PAP funding is one of our key sources of local match dollars. We will continue to update the Board as significant changes in PAP programs occur.

CHIEF FINANCIAL OFFICER'S REPORT

September 24, 2015

FY 2015 Audit – We had our auditors on site the first week of September. This visit focused on contract compliance and review of our processes and procedures. The next visit will be more focused on the financial statements and our fixed assets and depreciation. They will be returning for their final visit on November 2nd through November 6th. In the meantime we have a listing of about 50 items to prepare before they return.

Existing Liberty Property Update – Word is getting around about Tri-County's future move to a new facility. We have had 3 calls from people that are interested in the current Liberty Life Skills building. One is the neighbor of this facility, Tomoe Engineering. As soon as we vacate the existing buildings we will get inside and clean them up and put them on the market for sale. Hopefully we will see at least one building sell very fast.

CFO Consortium – Millie and Sheryl are at the CFO meeting in Austin. They will return on Friday. This is the first meeting for this fiscal year and that is usually when we talk about changes in our contracts and such items that relate to all centers. As was reported at the last Board meeting this is the items to be discussed on the agenda.

These are the items that are currently on the Preliminary Agenda:

- Update from Lee Johnson – Texas Council
- Single Audit Rule Changes – Presented from Diane Terrell
- Billed Charges - Presentation from Matt Tinsley
- Update from Managed Care Steering Committee Presented by April Johnson-Calvert
- Certified Community Behavioral Health Care Clinics and PPS – presented Jolene Rasmussen, Texas Council
- Committee Updates
- Investment Training – Linda Patterson

FY 2016 Budget Revision – Probably at the December Board meeting we will have the first budget revision for FY 2016. We did receive preliminary numbers from DSHS for additional funding. The amount for adults will be an increase of \$415,933 and the additional amount for children's is \$126,826. These numbers still could change slightly when we receive the final Amendment #1 packet. We still have to plan how to spend these funds to get the most benefit for our consumers so we will be working on that between now and December.

<p>Background Information:</p> <p>Tri-County, as a member of the East Texas Behavioral Healthcare Network (ETBHN), collaborates with member Centers for the provision of certain administrative support. ETBHN formed a Regional Planning Network Advisory Committee (RPNAC) made up of at least one PNAC member from each ETBHN member Center (although it can be as many as two from each Center). At least one of Tri-County's PNAC members and the Administrator of Quality Management attend the quarterly RPNAC meetings. RPNAC members, Leadership staff and Quality Management staff work with other ETBHN Centers to meet the following goals:</p> <ul style="list-style-type: none"> • To assure that the ETBHN network of providers will continuously improve the quality of services provided to all clients through prudent mediation by network leadership. • To continuously evaluate efforts to improve clinical outcomes and practices. • To maintain a process by which unacceptable outcomes, processes, and practices can be identified. • Evaluations shall take place one Center program at a time as determined by the Regional Oversight Committee (ROC). ETBHN will collect and compile data and distribute it to member Centers. <p>The RPNAC reviewed Peer Support Survey results for each Center. This evaluation represents part of an ongoing effort to gather information to assure the Local Authority Management Team and Board of Trustees that any problems identified are properly understood and addressed.</p> <p>Based on the findings from the RPNAC Peer Support Comprehensive Study, which included evaluation of peer services at Tri-County Behavioral Healthcare as well as the other ETBHN Centers, several recommendations were made in the attached report.</p>

REGIONAL PLANNING AND NETWORK ADVISORY COMMITTEE

Peer Support Survey

RECOMMENDATIONS

LOCAL AUTHORITY: TRI-COUNTY BEHAVIORAL HEALTHCARE

EXECUTIVE SUMMARY:

It is the policy of TRI-COUNTY BEHAVIORAL HEALTHCARE to have a procedure in place for the systematic and objective evaluation of services on a routine basis and that best use of public money is considered in Network Development. To ensure this, TRI-COUNTY BEHAVIORAL HEALTHCARE will assure that each of its decisions involving Network Development and Provider Procurement considers the results of service evaluations. In general, a service evaluation determination is an evaluation of the overall worth of a service. Many subjective elements are involved in such an assessment, but it is the role of the Center Board, the Center staff, and the Regional Planning and Network Advisory Committee (RPNAC) to attempt to quantify and qualify various aspects of services into objective measures that can be applied to all services and providers.

The RPNAC will make reports to each East Texas Behavioral Health Network (ETBHN) members' board/governing body regarding planning, development, design, management, and evaluation of the local provider network, including but not limited to:

- Client care issues in Network development;
- Consumer choice issues in Network development;
- Ultimate cost-benefit issues in Network development; and
- Best use of public money in Network development.

The FY 2015 Department of State Health Services and Department of Aging and Disability Services Performance Contracts requires that each Local Authority have a process to establish outcome and reporting requirements. For the Member Centers of ETBHN, the Regional Planning and Network Advisory Committee is charged with this required evaluation. The ETBHN Regional Oversight Committee selects the services for evaluation. The final recommendations from the RPNAC are compiled for distribution to the respective Centers' Board of Trustees.

This evaluation represents part of an ongoing effort to gather information to assure the Local Authority Management Team and Board of Trustees that any problems identified are properly understood and addressed. While the purpose of these evaluations is to examine the Local Authority's needs and capabilities of the current system, it is also important to note that, in time, this process will also allow Local Authorities to utilize trends in provider services and consumer utilization. In turn, a Local Authority can use this data to ensure the proper capacity of its provider network to ensure the best interests of the consumers are met.

The Regional Planning and Network Advisory Committee is comprised of members representing each of the eight Centers of the East Texas Behavioral Healthcare Network, appointed by the Local Authority Board/Governing Body of each respective Member Center.

Peer Support Survey:

Each Center's Peer Support staff were surveyed in the last quarter of FY15. The results were compiled and reviewed by the RPNAC. The survey is attached to these recommendations. As a result of the review by the RPNAC the following recommendations were made:

RECOMMENDATIONS:

- 1. Due to the belief that many staff may not understand the role of Peer Support Staff, it was recommended that the RPNAC have a workgroup to design a training through Relias Staff Development software to address this.*
- 2. ETBHN had two grants from the Hogg Foundation that provided WRAP training. The first grant expired at the end of July 2015 and the second grant is due to expire at the end of March, 2016. The RPNAC recommends that ETBHN continue to assist with WRAP training for Peers past the point of the grant.*
- 3. The RPNAC would like to see a salary comparison of what Peer Support Specialists are making at each ETBHN Center. Of course, cost of living differences in the geographic location need to be taken into account. Also, a duty comparison between Centers of Peer Support staff would need to be a part of this.*

These recommendations are made to all of the ETBHN member centers.

Program Updates

August 28, 2015 – September 24, 2015

MH Crisis Services

1. The Director of Nursing (DON) position at the PETC continues to remain vacant and few applications have been received. An RN at the Crisis Stabilization Unit (CSU) is currently standing in as a Nursing Liaison during this interim until a DON is hired.
2. The FY 2015 target for number of individuals served at the CSU was exceeded. More individuals were served at the PETC than previous years.
3. All required building modifications identified from the June state survey have been completed. Anti-ligature door hinges were installed in September.
4. Ongoing building modification needs will be determined and addressed through the interventions listed below:
 - a. Monthly PETC Safety Committee meetings.
 - b. Identification of an outside consultant that specializes in behavioral health facility design that can assist in ensuring the PETC is compliant with current trends.

MH Adult Services

1. Two (2) of our Routine Assessment and Counseling Clinicians attended CBT training at the Behavioral Health Institute Conference in Austin from August 10-12th. One (1) clinician has submitted a tape for review through the Academy of Cognitive Therapy (ACT) and we anticipate the results in the coming weeks.
2. We have been notified that training will be offered for Cognitive Processing Therapy (CPT), which is used to treat Post Traumatic Stress Disorder (PTSD), in November. There are two (2) therapists interested in attending this training. Once trained, we will begin offering counseling for PTSD, which has been identified as a need in our community.
3. The supervisors at William E. Hall (WEH) have been meeting each morning to discuss objectives for the day for each supervisor. This has been beneficial in prioritizing tasks and new and on-going projects.
4. All FY 2015 performance targets were met for PATH, Rider 65 and Supported Housing.
5. Turnover at WEH has stopped and five (5) new QMHPs were hired in August. There are three (3) additional vacancies remaining and the WEH Hiring Committee has been working hard on finding qualified staff that are a good organizational fit.

MH Child Services

1. We have implemented the Youth Empowerment Services (YES) Waiver. The goal of YES services is to reduce re-hospitalization and institutionalization of youth and children with intensive mental health needs by providing more comprehensive community and home-based services.
2. We are working closely with various school systems who are concerned about students missing school to participate in mental health treatment. We want to honor the school

systems' mission of education by coordinating ways to provide necessary services to keep the students emotionally well so they can participate better in school.

Criminal Justice Services

1. TCOOMMI approved a new Intensive Case Manager position to serve Liberty County Parole and Probation.
2. Outpatient Competency Restoration served fifteen (15) people in FY 2015 to meet the DSHS target.
3. Fifteen (15) individuals were diverted from the jail for treatment in FY 2015.
4. Jail Diversion admitted one (1) in the first week of FY 2016.
5. The Jail Services Clinician triaged 46 individuals in August.

Substance Abuse Services

1. A candidate was hired to fill the Youth Prevention Program Manager position.
2. We have also received the contract for the Youth Substance Abuse Prevention Program for FY 2016. Although several targets are higher than last fiscal year, these targets are comparable to the mid-year revision numbers. The prevention team is aware of the new targets and are actively preparing to meet these numbers by communicating with schools and community agencies about program offerings and scheduling opportunities to begin delivering services.

IDD Services

1. Through the Pre-Admission, Screening and Review (PASRR) process, seven (7) individuals were moved from nursing facilities to the community, and seven (7) individuals were diverted from admission into a nursing facility for this fiscal year.
2. The IDD Authority Psychologist has been a great asset in ensuring psychological testing meets state compliance and assuring quality testing for those seeking services.
3. We have received an increase in number of individuals requesting Day Habilitation services. We anticipate the number to significantly increase when Liberty LifeSkills is moved to a larger location as we have been capped there due to space.

Support Services

1. **Utilization Management:**
 - a. Beginning on September 1, 2015, Managed Care Organizations are no longer required to follow the Texas Resiliency and Recovery Utilization Guidelines and may deny service authorizations and override requests within the context of their own guidelines. Utilization Management staff have continued to work closely with Managed Care representatives to ensure that quality continuity of care continues for the individuals we serve. We will continue to monitor this process and work with the Texas Council as issues arise with the authorization process.

2. **Veteran Affairs:**
 - a. The hiring process has started for a part-time Veteran Services Assistant.
 - b. A formal Memorandum of Understanding (MOU) with Montgomery County Attorney's Office has been initiated to provide the mentor program for Veterans Treatment Court.
 - c. A training class with a focus on military culture and Veteran services was created for the Montgomery County Sherriff's Office.
3. **Intellectual/Developmental Disabilities Planning Network Advisory Committee (IDDPNAC):**
 - a. The IDDPNAC met on August 19th to discuss plans for the next fiscal year, committee membership renewals and Center updates. Tri-County staff provided the group with an overview of the IDD ACT program.

Mental Health Planning Network Advisory Committee

Annual Report

FY 2015

In FY 2015, the Mental Health Planning Network Advisory Committee (MHPNAC) discussed many changes that have been taking place in the Mental Health Service System across the State including the new Health and Human Services (HHSC) Design, Pre-Admission, Screening and Resident Review (PASRR), and the implementation of various programs such as the Youth Empowerment Services (YES) Waiver, and the addition of the 1115 Extended Observation Unit (EOU).

The committee also spent time reviewing and learning about other areas of interest to Tri-County through a series of discussions and presentations on different program areas, including the ACT program, Veterans Services, Community Outreach, and the three HUD housing projects. They were very complimentary of these programs and were especially excited for the housing opportunity coming available to Cleveland through Independence Oaks Apartments. The MHPNAC also expressed interest in the new Montgomery County building consolidation plans, and the future plans for enhancing Tri-County. The committee was pleased to learn about the new public transportation made available in Conroe.

Recommendations from the MHPNAC to the Management Team and Board of Tri-County Behavioral Healthcare include continuing to improve community relationships specifically through involvement within the school system, continuing to seek opportunities for low income housing that could help to address the high homeless population in our service area, and continuing to focus on expanding transportation options.

In FY 2015, the MHPNAC met five times for regularly scheduled meetings. The overall attendance of this committee was 70% during the last year.

The MHPNAC has six members and is currently seeking three additional members to be in compliance with contract requirements.

Intellectual and Developmental Disabilities Planning Network Advisory Committee

Annual Report

FY 2015

In FY 2015, the Intellectual and Developmental Disabilities Planning Network Advisory Committee (IDDPNAC) provided feedback on the rebranding of Tri-County Services to Tri-County Behavioral Healthcare and has expressed great interest in the building consolidation process for Montgomery County including the benefits it will provide to the individuals served as well as for community awareness.

The committee reviewed and discussed several topics and programs over the past year including the IDD ACT program, changes to the Pre-Admission, Screening and Resident Review (PASRR) process, the Community First Choice (CFC) Waiver program, and the release of TxHmL and HCS slots for our service area.

Recommendations from the IDDPNAC to the Management Team and Board of Tri-County Behavioral Healthcare included the importance of continuing to ensure community members are aware of the rebranding, specifically as it relates to IDD services and that the agency continues to discuss ideas to help individuals in the community gain awareness of interest lists, available resources, and renewal processes (navigating the system to avoid loss of benefits).

In FY 2015, the IDDPNAC met four times and had an overall attendance of 66%.

The IDDPNAC has retained membership and gained one new member in FY 2015. There are eight members and we are currently seeking one additional member to be in compliance with contract requirements.

 - Interviewing & Selection
 - Time Management
- April 21 & 22, 2015
 - Ethics for Managers
 - Effective Delegation
 - Ethics for Staff

Goal #4 – Facilities

Objective #1

Develop a facility consolidation plan with the assistance of consultants that can be presented to DSHS/DADS/County Judges/stakeholders by February 28, 2015.

- The Board approved the purchase of 2000 Panther Lane in Liberty, Texas which will serve persons with mental illnesses and intellectual disabilities.
 - Staff finalized and sent paperwork to DSHS/DADS for approval of this site.
 - Construction is underway to remodel the facility with an anticipated grand opening date of October 5, 2015.
- Architects were hired to develop a site plan for the consolidated Montgomery County facility. Staff met with the architects regularly to develop a building design that is now being finalized.
- Staff worked with our building consultant to find and secure a suitable location for the consolidated facility in Montgomery County.
 - The potential building site is currently under option.
 - Construction is anticipated to begin by January 1, 2016.

Objective #2

Provide quarterly progress updates to the Board regarding building consolidation.

- Board updates were provided in October, January, February, April and July.

Objective #3

Attain approval from DSHS/DADS/commissioners for the facility consolidation plan by May 31, 2015.

- Approval was received from DSHS and DADS to purchase the facility in Liberty.
- Documents are being prepared to seek approval from DSHS and DADS for the facility in Montgomery County.

Goal #5 – Technology

Objective #1

Develop a technology plan for the consolidated facility including cost projections.

- The Board approved a set of information technology equipment and related upgrades which will serve as the platform for the server room at a consolidated facility.

- The kickoff meeting for the install for the server room changes was held in late February and the installation was completed in August.
- Phone system upgrades were also approved and this system will be implemented in early FY 2016.

Objective #2

Develop a new staffing plan for Information Technology and hire at least one (1) of these staff by February 28, 2015.

- Technical certification trainings were provided for an existing employee to gain the skills necessary to fill IT staffing gaps.
- A programmer was hired in the fourth quarter.

<p>Agenda Item: 4th Quarter FY 2015 Corporate Compliance and Quality Management Report</p> <p>Committee: Program</p>	<p>Board Meeting Date</p> <p>September 24, 2015</p>
<p>Background Information:</p> <p>The Department of State Health Services' Performance Contract has a requirement that the Quality Management Department provide "routine" reports to the Board of Trustees about "Quality Management Program activities."</p> <p>Although Quality Management Program activities have been included in the program updates, it was determined to be appropriate, in light of this contract requirement, to provide more details regarding these activities.</p> <p>Since the Corporate Compliance Program and Quality Management Program activities are similar in nature, the decision was made to incorporate the Quality Management Program activities into the Quarterly Corporate Compliance Report to the Board and to format this item similar to the program updates. The Corporate Compliance and Quality Management Report for the 4th quarter of FY 2015 are included in this Board packet.</p>

Corporate Compliance and Quality Management Report

4th Quarter, FY 2015

Corporate Compliance Activities

A. Key Statistics:

1. There were four (4) Corporate Compliance reviews in the 4th quarter of FY 2015.
 - a. Two of the reviews resulted from Quality Management auditing activities. Both cases resulted in additional staff training and did not have any associated payback.
 - b. One case was reported by a program manager and involved a Service Coordinator whose daytime work activities were in question. Following initial review it was unconfirmed without payback. The case was forwarded back to the staff's supervisor.
 - c. The fourth case was reported by a staff at the PETC who felt like he was being asked to enter documentation that violated compliance laws. Following review and interviews with other staff in the department it was unconfirmed without payback. Additional training was provided to the staff.
2. Quality Assurance of staff documentation continues to be a focus across the Center. The Quality Management Department continues to perform daily reviews of documentation in order to identify any compliance or billing concerns and correct them immediately. Compliance training continues to be provided to new employees, quarterly to all staff, and in specific areas identified as having a need.

B. Committee Activities:

1. The Corporate Compliance Committee met on August 12, 2015. The committee reviewed the following:
 - a. A summary of the 3rd quarter investigations;
 - b. Audits that were requested by different funding sources;
 - c. Findings of daily Quality Assurance reviews; and
 - d. Legal updates on compliance issues

Quality Management Initiatives

A. Key Statistics:

1. Staff responded to one (1) Managed Care on-site audit request.
2. Staff responded to eight (8) Managed Care chart requests.

B. Reviews/Audits:

1. United Behavioral Healthcare (UBH) performed an on-site review on August, four (4) of six (6) client records provided were reviewed. The review resulted in a score of 100%.
2. Staff reviewed and submitted nine (9) charts going back one year for Medicaid/CHIP. The request focused on medication services.

3. Staff reviewed and submitted twenty-six (26) charts going back one year for Amerigroup. This included two separate record requests and focused on medication services.
4. Staff reviewed and submitted one (1) chart for a claims dispute involving two services provided in April 2015.
5. Staff reviewed and submitted one (1) chart going back one year for Aetna. The request focused on medication services.
6. Staff reviewed and submitted four (4) charts going back one year for Optum. The request involved the full medical records and were for children's services.
7. Staff reviewed and submitted two (2) charts for Optum involving crisis service episodes which occurred in April and May of 2015.
8. Staff reviewed and prepared three (3) full charts for an upcoming on-site review.

C. Internal Programs Reviewed by Quality Management:

1. The Quality Management Department is currently reviewing the Internal Program Review Process to ensure best value for the Center.

D. Other Quality Management Activities:

1. Following the implementation of our revised Recovery Plan, we received a request to utilize our revisions from another LMHA. Since this time, we have received feedback that they were highly praised by DSHS during their recent on-site Quality Management review for this recovery plan.
2. Staff are finalizing training checklists and auditing Human Resources training files to ensure that all required trainings are quickly accessible by administrative staff during future audits.

Corporate Compliance Program

FY 2015 Annual Report

General Overview:

The Board Policy on Corporate Compliance requires that the Corporate Compliance Officer present an annual report on program activities and investigations from the previous year.

In FY 2015, face-to-face training continued for all new employees and quarterly trainings were provided to all Tri-County staff and eligible contractors.

As the Board is likely aware, compliance regulations and auditing have remained a high priority at the state and federal level. Staff remain diligent in our pursuit of legal compliance with all regulations.

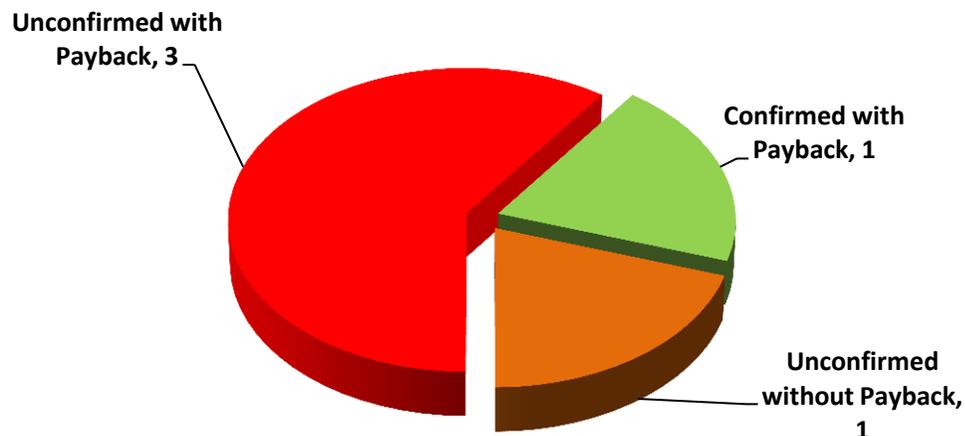

The Corporate Compliance Committee has reviewed and has made revisions to the Corporate Compliance Action Plan. The Committee also continues to review legal updates on a consistent basis.

Corporate Compliance Investigation Results:

In FY 2015, eleven (11) corporate compliance allegations were reviewed, five (5) of which ended up being investigated by the Corporate Compliance Officer; six (6) did not require an investigation following initial review. Of the five (5) cases investigated in FY 2015, three (3) were unconfirmed with payback, one (1) was unconfirmed without payback, and one (1) was confirmed with payback.

Intermittent daily reviews have continued throughout the year, to improve identification of potential issues so that they may be addressed as quickly as possible.

The False Claims Act: What you need to know and how to avoid a violation

What is the False Claims Act?

The False Claims Act (also called the "Lincoln Law") is an American federal law that imposes liability on persons and companies who defraud governmental programs. It is the federal Government's primary litigation tool in combating fraud against the Government. Claims under the law have typically involved health care, military, or other government spending programs, and dominate the list of largest pharmaceutical settlements. The government recovered \$38.9 billion under the False Claims Act between 1987 and 2013 and of this amount, \$27.2 billion or 70% was from whistleblower reports.

What are the most frequent prosecutions involving violations of the False Claims Act?

- Providing Medically Unnecessary Services
- Upcoding of a service to get paid at a higher rate
- Billing for services which were not provided
- Filing false cost reports
- Billing for poor quality services

What are the penalties of violating the False Claims Act?

- Payment back of \$5,000 to \$10,000 for every false claim filed
- Payment of triple the damages done to the government for every false claim filed
- Punishment of the staff person, supervisor, or Board of Trustees for not having proper training and monitoring devices in place
- Exclusion from participation in federally funded programs

How can I avoid violating the False Claims Act?

- Understand your job duties and ask questions when you don't understand.
- Learn the procedures related to billing and coding and follow them.
- Make sure you understand the definitions of the codes you are using to bill and learn what needs to be documented in order to bill for the service you are providing, remember when you sign a progress note, you are invoicing the payer.
- NEVER falsify documentation and don't use templates that have not been provided for you in Anasazi or approved by the Quality Management Department.
- Document exact times. NEVER round or document times to fit your schedule or guidelines.
- Be thorough in your documentation. Document the interventions you are providing and the individual's response to those interventions.
- Make sure the service you are providing is medically necessary:
 - Assessment and Recovery Plan/Individual Plan of Care/Person Directed Plan is up to date and includes the interventions you are billing for.
 - Document progress and/or lack of progress and why a service continues to be necessary.
- Take advantage of training activities and don't be afraid to ask questions.

Tri-County Behavioral Healthcare strives to provide quality services to our community while ensuring that we remain compliant with compliance laws and regulations. We recognize that this is a team effort and want to create a culture where staff and contractors feel comfortable talking about corporate compliance. Please feel free to contact the corporate compliance officer (information listed below) if you have any questions or concerns about the information provided above and remember that it is the policy of Tri-County that no one be retaliated against for making a good faith report of corporate compliance.

I. COMMISSIONERS' COURT

- Presentation by Texas Association of Counties - overview of services provided - Robert Ruiz
*Robert Ruiz stated this is a meet and greet between the TAC service team and the county; there are new members on the court and new staff; he is the Risk Management Consultant; they are a pool; TAC Risk Management pool is county owned and managed; they are an association of an association; they are a direct voice for what type of services and coverage they want; you don't just get coverage we also have the ability for training at no additional cost; you have access to consultants throughout the year; human resources, law enforcement and safety consultants; for Walker County over the last 5 years have had on site HR training, 6 classes, loss control training 18 on site classes, it is specific training for Walker County; they are responsive to our needs; Isaac Garcia is the safety guy, Thomas Kurse is law enforcement, he is the former Sheriff of Nacogdoches County, he has worked with Sheriff McRae and his office to identify trends in the county and on the TAC level; they are the largest exposure area; we try to stay ahead of the trends; the law enforcement climate is changing around the country; there are heightened issues we are seeing; prevention or minimization, we do training; Mary Ann Saenz-Thompson stated she is the Human Resources consultant; she has been with TAC for 17 years; her role is to work with counties supervisors and HR in the area of HR; she does a lot of training; she is on the phone taking calls; the HR world is from hiring to termination, disciplining and ADA; they are seeing a lot of questions that deal with ADA; prevention and some in response; she likes to see counties without problems; they are compliance driven; they answer questions about best practices; they do a lot of harassment training; she introduced from the Health Employees benefits team Charlotte Collins; Charlotte stated it is a risk pool for employees benefits; health and dental; the county has been with the pool for 14 years; in the last 10 years they have never offered a double digit increase; it is far from the standard; they are governed by a board made up of county officials; they are paying all of the affordable care act fees; they offer the service for new reporting coming next year; they offer a set of plans for your employees; the wellness consultant can do training to employees; they have nutrition programs and physical challenge programs; it helps control claims; she stated the increase this year is 7.85%; the pool average is 5.8%; they look at projected claims, what they need to cover; they look at each entity and rate them on their experience; last year we had quit a few large claims; they paid out more than was paid in; they have a surplus distribution each year which is redistributed to the members; the last 4 years the county got back a little over \$200,000; this year we are going to get back just over \$16,000.00; she sent alternate plans; there are 3 options, G plan is a grandfathered plan under the affordable care act; the current plan is grandfathered; the deductible will be raise, the coinsurance deductible will be raised, emergency room and er raised; the non-grandfathered plan has annual physicals that are free; well child is free; birth control is free; screenings are free; for the employees perspective it is a better plan; there are a lot of free services; there is a third level of appeals if you are declined a service; a \$250.00 deductible is almost unheard of; the TAC average is \$750.00. Glen Reader asked why do they require everyone to get on the plan if they already have insurance. Charlotte Collins stated it is not TAC policy it is county policy; 52% of the users didn't pay towards their deductible; 17% paid less than the current deductible; 30% of the entire member group paid the \$250.00 or more in deductibles; the co-insurance max is \$2,000.00.
No action needed.*

<p>Agenda Item: Appoint Building Contractor Interview Subcommittee</p> <p>Committee: Business</p>	<p>Board Meeting Date</p> <p>September 24, 2015</p>
<p>Background Information:</p> <p>The request for bids for our consolidated Montgomery County facility will be published the week of September 21, 2015 and sealed bids will be due back to Tri-County by Friday, October 16, 2015. According to governmental code, the Board must announce the winner of the bid within seven days of the close of the request for bids.</p> <p>After receiving the bids, Mike Duncum and our building team will evaluate the bids and a subcommittee of the Board will need to interview some or all of the contractors who submit a complete bid, depending on the number of complete bids received. The subcommittee will provide information to the full Board at the October 22nd Board of Trustees meeting and a contractor will need to be selected at that time. The winning bid will be awarded after the Board meeting, no later than Friday, October 23rd.</p> <p>The subcommittee will need to meet between Saturday, October 17th and Wednesday, October 21st to interview potential contractors.</p> <p>The subcommittee cannot exceed four members (or the meeting is subject to Open Meetings Act requirements). Ideally, these will be the same four members at each meeting. The Board can participate via conference call, go-to-meeting or video link, if needed. In addition to the Board, Mike Duncum, Millie McDuffey and Evan Roberson will participate in assisting the committee with the interview process.</p> <p>Mike Duncum will be at the Board meeting to provide further updates and to answer any questions you have about the request for bid process and our next steps.</p>

<p>Agenda Item: Approve the FY 2016-2017 DADS Performance Contract</p> <p>Committee: Business</p>	<p>Board Meeting Date</p> <p>September 24, 2015</p>
<p>Background Information:</p> <p>Changes to the Department of Aging and Disability Services (DADS) contract include the addition of responsibilities for the new Community First Choice (CFC) Waiver, and additional requirements for Enhanced Service Coordination, Long Term Services and Supports, and Pre-Admission, Screening and Resident Review (PASRR) programs. It should be noted that all four of these programs have been added since 2013 and program designs continue to be in a state of flux.</p> <p>Program staff reviewed the contract and have some concerns about the additional administrative requirements and the reporting systems that will need to be in place; however, many of these requirements are based on Federal guidelines and cannot be modified.</p> <p>In addition to these program changes, DADS stopped calling us the Local Authority (LA) and began referring to us as the Local Intellectual and Developmental Disability Authority (LIDDA).</p> <p>Core funding for LIDDA services remains unchanged; however, there is an overall decrease of \$1,730 because of small changes to funding for the four programs mentioned above.</p>

**August 2015 Financial Summary
Preliminary**

Revenues for August 2015 were \$2,825,026 and operating expenses were \$2,348,605 resulting in a gain in operations of \$476,420. Capital Expenditures and Extraordinary Expenses for August were \$474,692 resulting in a loss of \$1,729. Total revenues were 101.13% of the monthly budgeted revenues and total expenses were 129.40% of the monthly budgeted expenses.

Year to date revenues are \$29,028,490 and operating expenses are \$27,069,852 leaving excess operating revenues of \$1,958,638. YTD Capital Expenditures and Extraordinary Expenses are \$1,447,918 resulting in a gain YTD of 510,720. Total revenues are 100.50% of the YTD budgeted revenues and total expenses are 100.47% of the YTD budgeted expenses.

REVENUES

YTD Revenue items that are below the budget by more than \$10,000:

Revenue Source	YTD Revenue	YTD Budget	% of Budget	\$ Variance
ICF Program – Title XIX	2,103,199	2,139,188	98.31%	35,989
Medicaid - Regular	571,180	582,749	98.01%	11,569
DSHS – SA Prevention	157,243	179,847	87.43%	22,604

ICF Program – Title XIX – This line item is back on the variance listing mainly due to clients that we were unable to bill for services due to problems with Medicaid coverage. When these problems are resolved, we should be able to back bill for their services. Since this is a cost reimbursement program, there will also be an offset in the expense side of the program.

Medicaid Regular – This line item reflects a slightly lower than anticipated amount based on the year end budget. We will analyze the new year’s budget to ensure the amounts projected are reasonable.

DSHS – SA Prevention – This line item reflects a cost reimbursement program and due to vacancies came in under the contract amount. This will also have offsetting expenses for this program.

EXPENSES

YTD Individual line expense items that exceed the YTD budget by more than \$10,000:

Expense Source	YTD Expenses	YTD Budget	% of Budget	\$ Variance
Contract - Clinical	653,241	622,610	104.91%	30,631
Fixed Assets - Building	392,525	357,488	109.80%	35,037
Medication	577,547	561,449	102.86%	16,098
Supplies - Program	76,002	65,367	116.26%	10,635
Training	66,947	55,659	120.28%	11,288

Contract Clinical – This line item is over budget due to the use of a contract doctor while we have doctor vacancies in the clinic. There will be an offset in payroll expense.

Fixed Assets - Building – This line item reflects all the approved items from the Liberty building as well as the Montgomery building planning. The invoices on the Montgomery building will cross fiscal years because we received one that hit this fiscal year instead of FY 2016.

Medication – This line item continues to be an area that we will review. We have noticed an increase in the medication for our Integrated program and have been problem solving to try and reduce the costs that we have been paying for these prescriptions.

Supplies – Program – This line item is over slightly from year end expected expenditures. These supplies are typically in the PATH homeless program where we try to expend available amounts left on the contract.

Training – We had various training opportunities this year including training with the Texas Council, supervisory trainings and events with other centers.

QUARTERLY INVESTMENT REPORT TEXPOOL FUNDS

For the Period Ending August 31, 2015

GENERAL INFORMATION

This report is provided to the Board of Trustees of Tri-County Behavioral Healthcare in accordance with Board Policy on fiscal management and in compliance with Chapter 2256; Subchapter A of the Public Funds Investment Act.

Center funds for the period have been partially invested in the Texas Local Government Investment Pool (TexPool), organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. The Comptroller of Public Accounts is the sole officer, director, and shareholder of the Texas Treasury Safekeeping Trust Company which is authorized to operate TexPool. Pursuant to the TexPool Participation Agreement, administrative and investment services to TexPool are provided by Federated Investors, Inc. ("Federated"). The Comptroller maintains oversight of the services provided. In addition, the TexPool Advisory Board, composed equally of participants in TexPool and other persons who do not have a business relationship with TexPool, advise on investment policy and approves fee increases.

TexPool investment policy restricts investment of the portfolio to the following types of investments:

Obligations of the United States Government or its agencies and instrumentalities with a maximum final maturity of 397 days for fixed rate securities and 24 months for variable rate notes;

Fully collateralized repurchase agreements and reverse repurchase agreements with defined termination dates may not exceed 90 days unless the repurchase agreements have a provision that enables TexPool to liquidate the position at par with no more than seven days notice to the counterparty. The maximum maturity on repurchase agreements may not exceed 181 days. These agreements may be placed only with primary government securities dealers or a financial institution doing business in the State of Texas.

No-load money market mutual funds are registered and regulated by the Securities and Exchange Commission and rated AAA or equivalent by at least one nationally recognized rating service. The money market mutual fund must maintain a dollar weighted average stated maturity of 90 days or less and include in its investment objectives the maintenance of a stable net asset value of \$1.00.

TexPool is governed by the following specific portfolio diversification limitations;

100% of the portfolio may be invested in obligations of the United States.

100% of the portfolio may be invested in direct repurchase agreements for liquidity purposes.

Reverse repurchase agreements will be used primarily to enhance portfolio return within a limitation of up to one-third (1/3) of total portfolio assets.

No more than 15% of the portfolio may be invested in approved money market mutual funds.

The weighted average maturity of TexPool cannot exceed 60 days calculated using the reset date for variable rate notes and 90 days calculated using the final maturity date for variable rate notes.

The maximum maturity for any individual security in the portfolio is limited to 397 days for fixed rate securities and 24 months for variable rate notes.

TexPool seeks to maintain a net asset value of \$1.00 and is designed to be used for investment of funds which may be needed at any time.

<p>Agenda Item: Montgomery Supported Housing, Inc. Update</p> <p>Committee: Business</p>	<p>Board Meeting Date</p> <p>September 24, 2015</p>
<p>Background Information:</p> <p>The Montgomery Supported Housing, Inc. Board (MSHI) met on August 7, 2015 to review the financial status of the project and membership needs for the year. Due to some unexpected expenses related to this project, the Board has requested additional information for monitoring purposes.</p> <p>Following the Board meeting, McDougal Property Management prepared the following information for review:</p> <ul style="list-style-type: none"> • The financial projection through the end of the year with respect to determining the property's liquidity. • There was a budget based rent increase submitted to HUD on June 12, 2015 and approved on August 11, 2015. • The July 31, 2015 balance sheet, profit and losses, and aged payable report. <p>The clients are doing well and there is currently one (1) opening with a move-in already scheduled. Tri-County staff continue to monitor the property and expenditures and provide support to the Board, as needed.</p>

<p>Agenda Item: Cleveland Supported Housing, Inc. Update</p> <p>Committee: Business</p>	<p>Board Meeting Date</p> <p>September 24, 2015</p>
<p>Background Information:</p> <p>The Cleveland Supported Housing, Inc. Board (CSHI) held a telephone meeting on August 28, 2015 to review and discuss project status updates, upcoming items, and the FY 2014 990 for informational purposes.</p> <p>Following the approval of the substantial completion package by HUD on July 29th, McDougal Property Management has been working on contacting the approved applicants to schedule move-ins. Resident occupancy began on September 1, 2015 and there are currently eight (8) residents on site. Three (3) are scheduled to move in and there are currently three (3) vacancies. The Community Director is continuing to process applications and there are seven (7) pending at this time. They plan to have all units occupied by the end of September. We have continued to receive and refer individuals inquiring about the apartments to the Community Director at Independence Oaks Apartments.</p> <p>On August 13th, Tri-County housing staff provided a guided tour to Cleveland direct care employees following a request from case managers in the area interested in learning more about the new housing opportunity that may benefit some of the individuals we serve.</p> <p>We are still in the process of working toward final closing which can be expected to take place roughly six (6) to nine (9) months following the submission of the substantial completion package. Currently, Tri-County staff are working with the Housing Consultant on the cost certification audit. This was historically completed by a CPA; however, HUD's rules have changed and now the consultants are able to complete this process.</p>
